Instruction Sheet for Spiritual Gift Test

Answer each question – with 1 being the least, and 5 being the most. For example statement #1 is:

I do not like disorganization and am always looking for new ways to do a job more efficiently.

How true is this statement concerning you? If it's very true, write down 5, if it's not true at all, write down 1. If it is true at times, maybe write down a 3.

Tally Your Scores - Tally your scores on the Spiritual Gift Key at the end of the test. The Gift Key looks like a giant grid. It's numbered from one to 126. These numbers correspond to the 126 questions on the test. Next to each number (on the right) is an empty box. This box is where you record the answer to the previous questions. The number you fill in should be between 1-5.

After filling out the answer key, you'll tally each row of numbers across horizontally – and write your combined total in the space all the way to the right of the key. This will give you a number between 5 and 30. This number is the total strength in your life, of that row's spiritual gift. As you can see, questions 1, 22, 43, 64, 85, and 106 all test for the spiritual gift of administration.

Review the Spiritual Gift List – the last two pages give some definitions for the spiritual gifts on this test. You can read up to learn a little more about each gift.
